## STATEMENT OF OBJECTS AND REASONS

The rapid decline of India's wild animals and birds, one of the richest and most varied in the world, has been a cause of grave concern. Some wild animals and birds have already become extinct in this country and others are in the danger of being so. Areas which were once teeming with wild life have become devoid of it and even in sanctuaries and National Parks the protection afforded to wild life needs to be improved. The Wild Birds and Animals Protection Act, 1912 (8 of 1912), has become completely outmoded. The existing State laws are not only out-dated but provide punishments which are not commensurate with the offence and the financial benefits which accrue from poaching and trade in wild life produce. Further, such laws mainly relate to control of hunting and do not emphasise the other factors which are also prime reasons for the decline of India's wild life, namely, taxidermy and trade in wild life and products derived therefrom.

2. Having considered the relevant local provisions existing in the States, the Government came to the conclusion that these are neither adequate nor satisfactory. There is, therefore, an urgent need for introducing a comprehensive legislation, which would provide for the protection of wild animals and birds and for all matters connected therewith or ancillary and incidental thereto.

3. Legislation in respect of the aforesaid subject-matter is relatable to entry 20 of the State List in the Seventh Schedule to the Constitution, namely, protection of wild animals and birds, and Parliament has no power to make a law in this regard applicable to the State (apart from the provisions of articles 249 and 250 of the Constitution) unless the Legislatures of two or more States pass a resolution in pursuance of article 252 of the Constitution empowering Parliament to pass the necessary legislation on the subject. The Legislatures of the States of Andhra Pradesh, Bihar, Gujarat, Haryana, Himachal Pradesh, Madhya Pradesh, Manipur, Punjab, Rajasthan, Uttar Pradesh and West Bengal have passed such resolutions.

4. The Bill seeks to—

- (a) constitute a Wild Life Advisory Board for each State;
- (b) regulate hunting of wild animals and birds;
- (c) lay down the procedure for declaring areas as sanctuaries, National Parks, etc.;
- (d) regulate possession, acquisition or transfer of, or trade in, wild animals, animal articles and trophies and taxidermy thereof;
- (e) provide penalties for contravention of the Act.

NEW DELHI;

FAKHRUDDIN ALI AHMED.

The 7th August, 1972.

## FINANCIAL MEMORANDUM

Clause 3 of the Bill empowers the Central Government to appoint a Director of Wild Life Preservation, a number of Assistant Directors of Wild Life Preservation and such other officers and staff as may be necessary to carry out the purposes contemplated in the Bill. The recurring expenditure from the Consolidated Fund of India which may be involved by reason of such appointment is likely to be of the order of rupees two lakhs per year. The non-recurring expenditure from the Consolidated Fund of India is likely to be of the order of Rs. 1.60 lakhs.

## MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 63 of the Bill empowers the Central Government to make rules for the purpose of giving effect to the provisions of the Bill in respect of matters falling within the purview of this clause.

Likewise, clause 64 empowers the State Governments to make rules for carrying out the provisions of the Bill in respect of matters not being those falling within the purview of clause 63.

These matters relate to procedure, administrative details and it is not practicable to provide them in the Bill itself. The delegation of legislative power is, therefore, of a normal character.

### STATEMENT OF OBJECTS AND REASONS

The Seeds Act, 1966 (54 of 1966) seeks to enable the availability of seeds of very high standards of purity and germination through certification. In order to ensure that uniform standards of certification are provided, it is proposed to set up, as recommended by the Central Seed Committee, a Central Seed Certification Board consisting of representatives of the Central Government, State Governments, Agricultural Universities and other interests to advise the Central Government and the State Governments on all matters relating to certification of the standards of purity and germination of seeds and co-ordinate the functioning of the State Certification agencies established under section 8.

Section 6 of the Act provides for specifying minimum standards of germination and purity with respect to any seed of any notified kind or variety. However, section 9 of the Act which enables the certification of seed, does not provide for fixation of standards of purity and germination higher than those mentioned under section 6 of the Act. The Bill seeks to remove this lacuna by enabling the fixation of higher standards of germination and purity for seeds being brought up for certification.

Opportunity has also been taken to include jute seeds within the purview of the Act since jute is a very important crop.

It is also proposed to amend sub-section (3) of section 25 of the Act which relates to laying of the rules before each House of Parliament for bringing it into conformity with the latest pattern:

## FINANCIAL MEMORANDUM

Clause 3 of the Bill empowers the Central Government to establish a Central Seed Certification Board to advise the Central Government and the State Governments on all matters relating to certification and to co-ordinate the functioning of the State Seed Certification agencies established under section 8 of the Seeds Act, 1966. It also empowers the Central Government to appoint a Secretary to the Board and to provide the Board with technical and ministerial assistance. This is likely to involve a recurring expenditure not exceeding Rs. 46,000 per annum.

The Bill does not involve any non-recurring expenditure.

## MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 5(a) of the Bill which seeks to insert clause (ff) in sub-section (2) of section 25 of the Act empowers the Central Government to make rules for laying down the standards to which seeds should conform.

2. The matters in respect of which such rules may be made are generally matters of procedure and administrative detail. The delegation of the legislative power is, therefore, of a normal character.
